[11:51] <seezstopbeingafk> cheer10 Hey Phil, I seen some data where they kept track of all of your tips, cheers, patreon, and an estimate of your ad revenue and they said that you make around 90K a year. [01:48] <infinite\_55> You're speaking now of his tax problem?

[01:49] <infinite\_55> streamlabs20 #charity

[01:50] <me\_ree> tax problem?

[01:50] <sonowske> meow

[01:50] <infinite\_55> doodlecheer100 #charity

[01:51] <infinite\_55> What emergency are you speaking of @me\_ree

[01:51] <me\_ree> he says he needs a lot of money but I don't recall him ever showing evidence it was for taxes. Only that he really really needs the money, in January.

[01:52] <me\_ree> that's why I was confused

[01:54] <infinite\_55> He said that his previous tax attorney screwed him because he was unfamiliar with Washington policies.

[01:55] <me\_ree> but he was never his tax attorney in the past - a friend of his father's, a dean at a college or something, who did them. he only became a tax attorney very recently. was just a weird change of phrase to use

[01:57] <infinite\_55> I'm not entirely sure what went down to be honest. I just assumed that is what you meant when you said "emergency"

[01:58] <me\_ree> every pre-stream we get reminded of it lol

[02:00] <infinite\_55> I'm not always here for the pre-stream to be honest. Anyway, I gotta get some shut eye. Peace
